GLOBAL REVIVAL

FROM THE FOUNDER | NEW BOOK | REVIVAL NIGHTS TOUR | TESTIMONIES

FROM THE FOUNDER & TEAM

Welcome to the first issue of the Global Revival magazine. I am so excited and honored to announce all that God has in store for this season. Global Revival is a lifestyle that we are committed to living before it is an organization or a ministry that we are committed to running. His invitation is stirring in my heart like never before. We are living in the greatest hour of harvest. While many are distracted with sin, we are believing for God to stir the waves of revival and to awaken the global Church. We are believing for the Church to wake up and unify for one cause: Jesus and his heart for the salvation of souls! The time is now. We at Global Revival have given our life to the nations to see this harvest. Before the nations we are burning to see our own country saved. America is ripe for revival. So many times we focus on other countries and forget about our own. We have given our life to first see America hungry for Jesus and to be marked to love him in a special way. It is time to fast. It is time to pray. It is time to worship Jesus above all things. It is time to declare the Word of the Lord over our cities and our nation.

We travel the nation in hopes that people will find Jesus. We preach and teach for people to find Jesus. We speak at conferences in hopes that people will find Jesus. We write books believing that people will find Jesus. We do tours in hopes that people will find Jesus. Jesus is everything. He is worthy of the entirety of our lives. We want excellence and effectiveness. We do not want to just empty our lives in a random way, we want to hit the mark. We want to run with diligence, faithful in every step, at every turn, allowing God to receive maximum glory out of our lives and the efforts thereof. We are prayerfully dependent upon the leading of the Holy Spirit. We understand that we need more than just ministry tactics and ideas, we need the power of God! He is with us, for us, and working powerfully through us; and to this we say hallelujah, what a wonderful God.

We were created to live in the state of revival, the garden was a place of fruitfulness and life. Adam and Eve were placed in a state of revival, until sin put their spirit to sleep. Sin entered the world. Now there is a battle for our state of revival. There is a war in the spirit against the spirit and the flesh. The enemy does not want us walking in truth. We must stand up and begin to pursue the relationship with Jesus above all else. We were all created for revival, but most have not realized that their affections were created for Jesus. Some have given all of their affections and attention to careers, extracurricular activities, relationships, and a plethora of other things. God has shared His burden with us, to connect people to the lover of their souls, so that they might come to know the power of the love of God in the person of Jesus. It is

to this end that we believe that God has called us, to preach the hope of all nations, Jesus the Son of God.

Do we believe America can turn back to God? Absolutely! We have given our lives to see it. We would love for you to join us at one of our services in your city or surrounding areas. Global Revival as a family, a team and a ministry is committed to helping people all around the world experience the love of Jesus and walk with him. We do this through six key expressions that have been entrusted to us by God: Conferences, Camps, Services, Tours, Writing, and Discipleship. All of these expressions have a very specific goal: for people to encounter a real person... Jesus. As Paul encountered the man named Jesus, we pray that you come to meet King Jesus in a special and new way in this season of your life. We pray that as the disciples shared Christ, everywhere you go people may come to know Jesus. We love you and pray for you daily!

With much love,

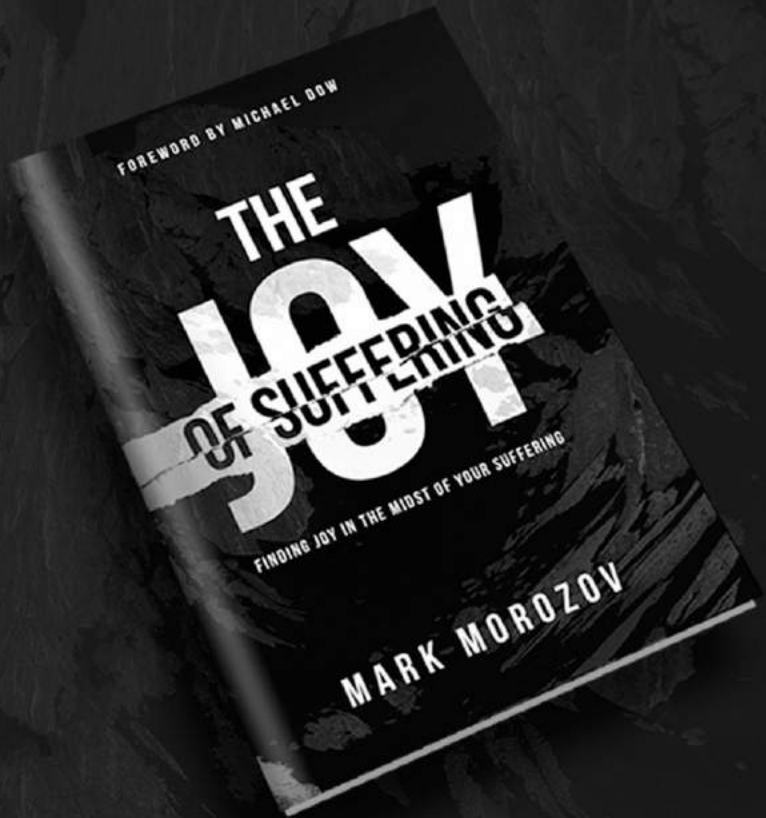

Mark Morozov

Author's Write-Up

There are many things we may find joy in, however, one thing that we do not associate with joy is suffering in life. There is much joy to be found through the sufferings we experience in life. Many times we thank God for blessings, but we do not thank Him for the suffering. Why should we thank Him for the hardships? Because He is with us in the midst of them. It is better to be with Jesus during the hardships than to be without him during the blessings. My hope is that this book will help direct your focus to Him instead of your own sufferings.

A Note from the Author:

"This book is a testimony of God using the weak things. I was never skilled or talented to write an essay, let alone a whole book. Friends, when God calls you to something He will lead you through it. This book is a living testimony of that. Meeting with mentors, they began to speak over me for four years, saying that I was going to write books. I shrugged it off, until the time came...

I was flying to a missions trip when the Lord filled me and said 'Start writing.' I wrote four to six pages under the anointing, which is the beginning of this book. All I had in my heart was put on these pages. The anointing of the Lord lifted and I had nothing else to write. It was not until about a year and a half later that the Lord began to give me the desire to write once again. 'Where do I begin Lord?', I asked Him."

"The next day, I was at a conference and a girl came up to me and said 'The Lord told me you have to meet this guy.' I asked him what his name was and what his occupation was. He told me he was a professional writer and he helps people navigate writing books. It was then that the Lord spoke clearly and said, 'That is the guy that will help you.' We connected and started to fellowship in November 2019. As I took steps of faith the Lord began to give me direction for this book. While fasting and praying, He gave me the name *The Joy of Suffering* and said our generation needs this and will need to not focus on their problems, but on Him."

"THE MORE I STEPPED OUT, THE MORE GOD GAVE ME DIRECTION"

"Every step I took, everything I needed came into place. The editors, the designers, I clearly saw God's hand on the book. I did not understand why I was to write my first book on such a powerful topic that I had never even preached on yet. I have had many revelations on prayer and I thought if I was to write a book, prayer is the first book I would write. This is the class I teach at Bible schools. But the more I stepped out, the more God gave me the direction of the book.

As I was writing the last chapter, all of the nations came to a stand still. What we know today as COVID-19 broke out around the world and put us into turmoil. People begin to ask 'Why would God allow this?' There in that moment I understood why God had me write the book. To top it off, I got a phone call from a man asking me how much the book would cost me and say that the Lord told him to sponsor what it is coming out to be so far. We had many people reach out to us with testimonies of what God is doing in their life because of the book. Many of our Pastor friends were very blessed by the book. Many people told us that as they would open the pages, would get filled with the Holy Spirit and have to close the pages to just pray and worship. Because of your help, we have been able to sponsor hundreds of copies of this book to people at services and newly saved souls. To God be the Glory!"

GLOBAL REVIVAL TOUR VISION

Our Vision with these tours is to first and foremost equip the Bride and get her ready for the coming of Christ. Our heart is to see the body of Christ walking as it was in the Acts days revival. We believe if we point the Church not to a man, or a church, or a ministry, but to Jesus, we would once again be refreshed by the latter rain only by the one who sends the latter rain.

"We believe if we point the Church not to a man, or a church, or a ministry, but to Jesus, we would once again be refreshed..."

We want to see the body functioning as Jesus desired it, in unity and in the power of the Holy Spirit. That the body of Christ could see souls coming home daily. That we do not focus on destroying each other for our differences, but that we love each other more for them. That we do not focus on destroying each other, but destroying the works of the enemy. That we together begin to focus on souls once more.

As an evangelistic ministry we are here to bring the grace of an evangelist to the Church once again. There is a lacking in today's time and it is the role of an evangelist, the heart to see people saved that an evangelist carries and brings to the body. Jesus the Evangelist is returning once again to his Bride. That is our heart on this tour, not just to preach and see revival, but to equip young leaders to do the same thing. Jesus said "By their fruit you will know them." We must become fruitful.

When we are abiding we have no choice but to automatically produce fruit, not in our strength but in His. We believe that is multiplication. We see Elishah traveling with 50 other young prophets and equipping the body not just with the word, but with disciples who were to carry out the call and go much further. So many people talk about multiplication, but we do not see many doing it because many have selfish motives. Many will say they want someone to go further, but the moment the time comes, they will use their weakness against them to keep control. My friend Jesus never controlled his disciples, and that is why they were as fruitful as they were.

We desire the same with Global Revival. Because of this, we flew out all of the preachers and also payed them all honorariums, we believe a worker is worthy of his wages and all finances belong to our God. He can take away and He can multiply. It was an honor to be able to sow into these young men. We pray that they become a blessing to our generation, that they grow to know the Lord, that they grow to be lead by the Lord, and that they have good leaders around them where they live. We want to use our platform not just for Global Revival, but for every ministry and minister that is hungry for Jesus. At the end of the day, it is not about a person, not about a church, not about a ministry. We honor and dearly love those areas, but it is all about Jesus. We want to lift his name on high.

By the grace of God we were able to see:
Healings and salvations at every service
Baptisms and speaking in new tongues
Testimonies coming in weekly
Atheists encountering Him

PREACHER TESTIMONY

Ruvim

'My name is Ruvim Borishkevich, I'm from Portland, Oregon and I love Jesus. A few months ago I got a phone call from my good friend Mark Morozov with him saying, 'Bro, there is no more time to waste, something big is about to happen and we need to be a part of it. Revival is already here.'

Shortly after I received the phone call, Mark went into details about how he has the desire to go out there and share the gospel. His vision was to go to different locations in the states to stir up hunger for the Lord in our generation and see the lost come home. Coming only a few months out of Bible school and being fresh in the ministry, I felt like I wasn't qualified to be a part of such a vision. But the Lord has a sense a humor in that He tends to chose the ones who aren't qualified but instead the hungry. With excitement, I accepted the invitation.

Throughout the tour we saw the Lord move mightily. We saw healings, physical and spiritual, as well as many baptized in the spirit. Throughout the tour I came to the realization that there is absolutely no thing greater than seeing lives transformed by the gospel. Seeing the lukewarm start burning and the lost get adopted into the Kingdom is a joy that cannot be expressed. It's moments like these that make me smile for saying 'yes' to the Lord's call over my life.

"THROUGHOUT THE TOUR I CAME TO THE REALIZATION THAT THERE IS ABSOLUTELY NO THING GREATER THAN SEEING LIVES TRANSFORMED BY THE GOSPEL."

Friends, there's a generation out there looking up to heaven for a slight sign of hope for their brokenness, pain and confusion. There's a people out there who's hearts are crying out for revival. But who will hear if nobody tells them? Who will believe unless they hear that there is a King named Jesus who is longing for their soul to be his, who alone can give joy, peace, purpose and eternity with the Father? Who will die to their dreams to fulfill the Lords, which is to see more children in His kingdom? I don't know about you dear reader, but that's going to be me!

PSALM 134:2

VASILY & SARA BILE

**"EVERY CHRISTIAN COMES TO A POINT IN THEIR LIFE
WHERE GOD HAS TO BECOME REAL TO THEM.
IN MY LIFE THIS HAPPENED IN SUCH AN UNEXPECTED WAY..."**

"I was 23 years old, driving home with my wife. As we were driving home, my wife turned to me and said, " Vasilii, you are an amazing husband, but you are not a good spiritual leader." This statement from my wife sent a shockwave through my life that very moment. Everything that I did not want to become, I became. At that time I was leading bible studies, attending church, working and supporting my family, but what I wasn't doing was having a relationship with God. See, for me no one really taught me about encountering the Lord secretly. Life with God was always presented as going to church, praying once in a while and being a good person. But here I was, a good person that was a bad spiritual leader to my wife.

Something had to change. I came home that night and for the next four nights I spent five hours a day on my knees doing everything I thought was right, trying to get Gods attention. When the fourth night came, I felt completely overwhelmed with defeat. This God that I was serving had not shown up even though I did everything that I thought there was to do to get Him to come. But He didn't. He didn't show up to my yelling, my crying, my questioning, my bargaining, or even my threats.

It was 2am February 27th , 2019

As I was sitting there with nothing left to pray about. I texted my friend in Orlando and asked him to pray with me because I needed a breakthrough. There was no response. Then, all of a sudden one of my friends from North Port, Florida, sent me a message and told me to watch a sermon. As I was watching this sermon I realized though this message that God wants complete surrender. God was as tired of my half-in and half-out Christian life just as much as I was. God was waiting for me to come to the realization that I need to completely surrender to Him. Then out of my heart came these next words, 'God, if You are not with me 100%, then I cannot go on!' These simple words were all that I had needed. I was done, and I was fully surrendered to Him at that moment. Then in my room at around 230am God came in, His hand touching my head and all of a sudden I felt an outpouring of the Holy Spirit as if my insides were shifting around.

TSKY

I didn't know what to do. I wasn't scared, this peace came over me like I had never felt before in my life. Then a voice, 'Do you want more?' I didn't have anything else to say to this question but 'Yes!' A few minutes later, everything stopped. I felt completely different and just felt new! A new man! My wife came home as all this ended and I came out to greet her. She instantly felt the shift too. She didn't say hello or how are you. She first said 'Vasily, something is different about you. What happened?'

Ever since this day I have been completely transformed by the Holy Spirit. I started praying, seeking Him, speaking to Him, and growing with Him. He became a part of my every day, I would wake up in the morning and He was instantly there and I was instantly aware of His love for me. His love became apparent in every aspect of my life and I couldn't just keep it for myself. He led me into sharing the Gospel with many people.

I developed a love for souls that I had never had. I couldn't pass someone in the street without feeling the love Jesus has for them, for their life, for their hearts and how much he wants to have a relationship with them.

I began reading the Bible differently, no longer was this just a book that I had in my house. The Bible became the living, breathing word of God. Jesus started to become more apparent to me in every chapter. Everyday became filled with His presence and His love. I couldn't ask for anything better.

In July 2020, God placed it on Mark's heart to invite me to a fasting retreat hosted by Global Revival. I didn't realize it, but God divinely arranged to connect many young evangelists from across America all in one place. God placed a calling on Global Revival to seek out those who are truly in love with Jesus and burning with a passion to see souls saved. Mark's obedience has led many young men to grow in answering God's call to save souls for the Kingdom.

After joining Mark and many others on Global Revival's Retreat, God ignited a passion in my heart to bring more into His Kingdom. On the way home He instilled a vision to bring together churches all over Sarasota to worship the Lord together on the beach. The call to pursue God and lead many others into the kingdom started to burn in me and I knew that God wanted to do more through me. Through the support of Global Revival I was able to start growing in knowledge and had a place where I could share my passion for the Lord.

Through the guidance of the Holy Spirit, this year God called me out of what I was doing here locally to travel and preach the Gospel with Global Revival. Since the beginning of the year, God started to prepare me and five other guys to bring revival to five different cities across America. In March, each guy was able to preach in a different church, hosting the presence of God and bringing revival to the church they were assigned to.

Global Revival has created an atmosphere that doesn't hinder the fire of young believers, instead God puts more fuel on the fire when we surround ourselves with like-minded believers that want to see revival here and now. God is on the move and I believe that, like my story, many others will encounter God through Mark, the team, and the ministry of Global Revival."
